2008-10-09-0896

Item 5. AN ORDINANCE AUTHORIZING MUNICIPAL WRECKER SERVICES AGREEMENTS TO PROVIDE TOWING SERVICES FOR THE CITY OF SAN ANTONIO POLICE DEPARTMENT.

Councilmember Herrera recused herself on Item 5 and excused herself from the Council Chambers, noting that she had submitted a recusal form for Item 5 to the City Clerk.

Mr. Erik Walsh, Assistant City Manager, presented said item noting that the Request for Proposals (RFP) had been issued May 27, 2008. He explained that the RFP had noted that there would be six zones mirroring the SAPD Substation boundaries and that selected companies could be awarded one to three zones. He stated that the Contract terms were for six years beginning December 1, 2008 and had a two-year renewal option. He reported that nine responses were received and evaluated by five City Staffmembers. The top five scoring companies – 1) Associated Towing, 2) Assured Towing, 3) Allied Towing, 4) Commercial Wrecker Services, and 5) Mission Towing, were asked to attend an interview and presentation forum.

Mr. Walsh reviewed the Price Scoring and Rate Determination Process, and the City Payment Process. He noted that it was necessary to establish standard rates for the six zones and the rates had been reviewed and accepted by the five finalists. He presented the standard contract terms, scoring matrix, zone selection method, and fiscal impact. He added that through settlement negotiations, it was recommended that Texas Towing would serve the North, Central, and South Zones for a three-year period with a one-year option to renew.

Councilmember McNeil moved to adopt the staff recommendation to award the North, South and Central Zones to Texas Towing, the Prue Zone to Associated Transport Services, the West Zone to Allied Towing, and the East Zone to Assured Towing. Councilmember Rowe seconded the motion.

Mr. Pasha Kermani, Allied Towing, spoke in support of said item and thanked City staff for their efforts. He noted the company's history and added that they were one of the largest AAA Contractors in the State.

Mr. Ralph Velasquez spoke in support of the Item 5. He stated that the towing contract was an important opportunity for the small business community.

Mr. Refugio Cuco Sanchez, Associated Towing, thanked the Council for their support on said item.

Ms. Yolanda Rodgers-Nance, Associated Towing, spoke in support of said item.

Ms. Lisa Ann Ramirez, Associated Towing, thanked the Council for the opportunity.

Mr. Alfred Ximenez stated that he was responsible for equipping Associated Towing. He noted that all equipment and maintenance work would be supportive of San Antonio businesses.

Mr. David D. Bolado, Associated Towing, thanked the Council for the opportunity.

Mr. Frank Burney gave his time to Mr. Mark Holt, Assured Towing. Mr. Holt spoke of his business and the work they were doing to improve the industry.

Councilmember Cisneros stated that the price category of the matrix should not have been relevant to the scores because prices were fixed by staff and then agreed upon by the bidders.

Councilmember McNeil expressed support for staff's recommendation. She stated that the process for the evaluations had been outlined in the RFP and properly followed. Councilmember Ramos concurred and added that adjusting the scores would undermine the process and work done by staff.

Councilmember Galvan noted her concerns about the benefits and healthcare provided to the tow-truck operators. Councilmember Rowe stated that potential earnings had been missed by setting the amount of return to the City. Councilmember Clamp asked how the price was relevant to the scores. It was noted that potential applicants were informed at the pre-submittal conference that prices would be determined by the City.

Councilmember Cibrian noted the importance of background checks for drivers and spoke of public safety issues. It was noted that the companies would be providing free towing, battery jumps, and tire changes to all City vehicles. Councilmember Cortez stated that the most important issue was the quality of service provided to the residents of San Antonio. He asked representatives from Associated Towing, Allied Towing, and Assured Towing to discuss the benefits available to their employees. Councilmember Rodriguez inquired about the Small Business Economic Development Advocacy (SBEDA) points awarded. He expressed support for the reversal of the East and West Zones because Assured Towing was more environmentally friendly.

Councilmember Clamp invited representatives from companies that were not selected to speak.

Mr. John DeLoach noted that Bexar Towing had only bid for the North Zone even though he knew Texas Towing was in negotiations for the zone. He stated that the presentations given by the selected companies were good, but they did not have the equipment necessary to do the work and would have to subcontract. He added that the volume of work would be a drastic increase.

Mr. Ben Lopez, General Manager of the San Antonio branch of United Towing, noted that they had scored the highest in background and plan, but were not invited for an interview because of their pricing. He stated that this was unfair because the prices were set by the City.

Councilmember Galvan moved to amend the staff recommendation to award the North, South and Central Zones to Texas Towing and continue the recommendation for the other three zones for one week. Councilmember Clamp seconded the motion.

The motion failed by the following vote: **AYES:** Cortez, Galvan, and Clamp. **NAY:** Cisneros, McNeil, Ramos, Rodriguez, Cibrian, Rowe, and Mayor Hardberger. **ABSENT:** None. **ABSTAIN:** Herrera
