

# Where to Find Project Opportunities

## **CONTRACTING DIVISION, U.S. Army Corps of Engineers, Fort Worth District - <http://ebs.swf.usace.army.mil>**

The "Advertised Solicitations" link on this page provides information about projects, including the Solicitation Number, Title, Location, District, Issue Date, and Closing Date of jobs that we have on the street. Clicking on a solicitation number will take you to a page that gives you the name and phone number of the Contract Specialist handling the project, a description of the job, and a link to a plan holder's list.

## **FEDERAL BUSINESS OPPORTUNITIES (FedBizOpps) - <http://www.fbo.gov>**

This website remains the primary source for information on our solicitations. Contractors are encouraged to continue monitoring this site to determine what work is coming and when it will be issued. Once on the website, click the "GO" button beside "Find Business Opportunities" at the top of the left side of the screen. To find an available solicitation for the Fort Worth District, follow these steps:

- In the block titled "Full Text Search", type "W9126G".
- Click on "Start Search".
- View the list of projects.
- When you find the solicitation you are looking for, click the project title.
- On the following screen, click "Technical Data Package".
- On the next screen, click the link that reads "Available via the FedTeDS website". This link takes you to the FedTeDS website.

For assistance with using the FedBizOpps website, call 1-877-472-3779.

## **FEDERAL TECHNICAL DATA SOLUTIONS (FedTeDS) - <https://www.fedteds.gov/>**

If you are not registered to use this website, then follow the registration links on the home page. After you register, then you must log in using the Username and Password that were created or assigned. Steps for downloading technical data packages are available in the FedTeDS "Vendor User Guide" on this website. If you need assistance with using the FedTeDS website, call 1-866-618-5988.
